Certificate serial number:
Issue number and date:

Application No.:

Issued to: KITE PACKAGING LTD
186 Torrington Avenue
Tile Hill
Coventry
CV4 9AJ

Packaging type: **50B** Description:
Large rigid packaging, aluminium

Capacity: litres Tare: 51.6 No of Entry Points: 0 Top Lift: No
length: 1683 mm width: 788 mm Height: 698 mm

Contents: Tested with a large dummy Lithium battery for articles

Large packaging box constructed from an aluminium alloy and containing bespoke foam fittings to house a single Lithium battery. The box consists of two 1.5mm thickness swaged spot-welded panels to form the box and a 1.5mm thick base panel with reinforced seam. Closure is by means of three equally spaced toggle fasteners located on the front of the full aperture lid and secured with wire ties. The fabricated foam sections comprise of a base foam, intermediate profiled foam, 2 x end foams, 2 x sidewall foams and a top foam.

Special/Notes: Packaging approval to meet ICAO requirements for lithium battery over 12kg without a strong impact resistant outer casing. Foam profiled to individual battery. Other competent authority approvals for air transport may be required.

It is certified that a sample of the design type described above has been tested in accordance with the provisions of the United Nations Recommendations on the Transport of Dangerous Goods, Chapter 6.6 (and the equivalent provisions in RID/ADR and the IMDG Code) and appropriate paragraphs from 6.6.5.3.1 to 6.6.5.3.4 and successfully met the criteria. Large packagings of the design type tested may bear the marking:

U 50B/X/** **/GB/ZARGES - 6296/0/196

** ** To be replaced by the month and the last two digits of the year of manufacture

THE TEST REPORT(S) AND ITS APPENDICES ARE AN INTEGRAL PART OF THIS DOCUMENT

Large packagings of the design type described may be used for solids, inner packagings or articles. Large Packagings of the design type described may be used for articles.
