

Balers - Service agreement

All machines supplied carry a warranty period from date of sale. However, this does not include normal wear and tear, breakages due to misuse of the machine, damage due to outside agencies.

We recommend the uptake of a service contract to prolong continued reliability and long life of your machine. The cost of this contract depends on the type of machine you have.

As standard - When you purchase any machine from our range you will receive:

- 1 full service
- 1 years full warranty (Parts and labour)
- 2 years parts warranty
- Installation and training

Additional – On top of the above, at an additional cost (price dependent on the model of baler), you will receive:

- An additional full service
- An additional year full warranty

This service includes:

- A single check of all safety and mechanical mechanisms
- All call outs within the time frame of the service agreement
- Spare parts replaced
- All of the items on the below service checklist
- Written confirmation to you that all safety, electrical, air and hydraulic systems are in working order

Service checklist:

- Door safety switch and interlocks
- Oil change
- Check hydraulic systems
- Grease points
- Electrical connections
- Pressure gauge readings
- Retaining fingers
- Springs
- Clean motor and debris from top platform
- Tighten all lock nuts and bolts

an employee-owned business
