FOR EFFICIENT, ECO PROTECTION

What do all the packaging products on this page have in common?

They're made from **paper**. That makes them **renewable, recyclable and biodegradable**. Even the paper dispensers are **plastic-free** and made from metal for stability and long-term **reusability**.

## Hive paper

**100%** Recyclable & biodegradable.

The eco-friendly alternative to bubble wrap or loose fill chips.

### FSC Certified

The honeycomb shaped cells expand and interlock, resulting in a space-saving solution that requires neither tape nor glue.

Just one roll of Hive paper can fill the same volume of space as four bags of loose fill chips or wrap the same amount of product as four rolls of bubble wrap.

Dispensers designed by packaging technologists for efficiency and ease.
