Things To Consider When Buying The Right Tape For Your Business

Carrier	Adhesive	Core Size
This is the backing material of the tape. PVC is a premium backing and is hand-tearable. Polypropylene requires a dispenser and is more commonly used for general purpose.	Available in acrylic , hot melt , and solvent , certain adhesives are more effective for different atmospheres or temperatures.	Most tapes have 76mm core . Envirotape comes on a 38mm core which reduces costs and environmental impact.

48mm Packaging Tape

Often referred to as “2-inch tape”, 48mm packaging tape is the most commonly used size in the UK due to its versatility to meet various sealing needs. It is available in brown and clear, and is ideal for securing cartons, boxes, bags, and many other types of packages.

Bench And Desktop Tape Dispensers

Tape dispensers simplify sealing tasks with safe, easy tape cutting, offering four stable, easy-to-use varieties that are compact and mobile for tabletop use.

Self Cutting Desktop

25mm Tape Dispenser

- Easy to use
- Manually operated
- Compact, light, and mobile
- Unique windmill design holds tape for easy removal

Premium Desktop

25mm Tape Dispenser

- Safety blade reduces risks of injuries
- Enhances ease of use, efficiency, and safety
- Convenient self-cutting

Standard Desktop

25mm Tape Dispenser

- Non-slip weighted base
- Ideal for easy, clean cuts
- Designed for domestic or office use

Bench Clamp

25mm & 48mm Tape Dispenser

- Can be attached vertically or horizontally
- Enhanced stability and flexibility
- Ideal for packing warehouses

Gummed Paper Tape Dispenser

Essential for secure sealing in fulfilment operations, our tape dispensers cater to both small and large uses, with premium models reducing waste by allowing precise control of tape usage.

Handheld Gummed Paper Tape Dispenser

- Easy to use with no installation required
- Ideal for small to medium operations
- Compact, ergonomic design reduces hand fatigue
- Safety feature prevents injuries

Pull & Tear Paper Tape Dispenser

- Compact manual dispenser
- Simple pull and tear operation
- For tape up to 80mm (3 inches) in width
- Only suitable for standard gummed paper tape

CURBY Manual Gummed Paper Tape Dispenser

- Evenly cuts water-activated tape
- Uniformly applies water to tape
- Easy to use, and is portable
- Precise application
- Ideal for light to medium operations

Get FREE roll of 70mm x 100m tape

Electronic Gummed Paper Tape Dispenser

- Automatic one-touch dispensing
- Moistens, cuts & dispenses tape
- Features a large water tank
- For medium to high volume usage
- Guillotine blade ensures a clean and smooth cut

BETTER PACK BP555 Electronic Gummed Paper Tape Dispenser

- Automatically dispenses pre-moistened plain or reinforced gummed paper tape
- Pre-set tape lengths ensure smooth carton sealing
- Handles roll lengths up to 303m

Strapping, Sealing And Stapling Machines

At Kite, we offer easy-to-use carton sealers, staplers, strapping machines, and a range of staples and packaging solutions for various applications, ensuring efficiency in mailing, product distribution, and industrial tasks.

Strapping And Banding Machines

- Fast and reliable automatic & semi automatic banding machine
- **Semi automatic:** low cost, strapping is fed manually
- **Automatic:** highly efficient, strapping is fed automatically
- Available with bundles and discounts

Carton Sealing Machine

- Carton sealing machines efficiently seal a wide range of box sizes
- Quick and easy to use
- Ideal for busy packing areas where speed is important
- Available with bundles and discounts

Carton Staplers And Box Staplers

- An extensive range of staplers and staples for light to heavy duty applications
- Ideal for various surfaces, like cardboard, wood, plastics, and much more
- Cost-effective, easy to use stapling solutions
