MANUFACTURER'S CERTIFICATE

(This document is not required by an import regulation, it is issued voluntarily)

Ermelo/The Netherlands 2019-07-18

We confirm that the molded INKA presswood pallets destined to be exported to the **NAFTA (Canada, Mexico or USA)**, by our client/ distributed via our reseller

Company:

Address:

are manufactured, in the same way as particle board. After drying the wood at 300 F degrees to a moisture content of only 4%, it is molded in addition with synthetical binder under a pressure of approx. 1300psi and 400 F degrees. This molding process can not be survived by any living plant pests.

Therefore these pallets are

A. entirely composed of manufactured wood according to **Canadian Food Inspection Agency D-98-08** (3rd revision)

B. not considered as solid wood in the meaning of **U.S. APHIS** (7 CFR 319.40)

C. and according "Norma oficial Mexicana de Emergencia NOM-EM-004-RECNAT-1996"!

We confirm that these molded particleboard pallets are heat processed and totally free from any plant pests according FAO-IPPC-ISPM 15!

Presswood Verkoopmij B.V.
