

Effective Closure of Boxes

Correct and effective closure of the packages is as important as the packaging construction itself.

The following methods of closure are possible either singly or in combination:

- by gluing, cold or hot
- by taping
- by interlocking
- by stitching

Closure by taping

This can be done according to the example shown:

Closure by stitching

This can be done according to the example shown:

General Remarks:

Please note that several case designs contained in the Code under a specific number could also be classified under other basic type groups.

FULL CODE XXXX-XXXX	
STYLE	STYLE VERSION
XXXX	-XXXX
The standard recognised shape/design from this code	The version number to differentiate the variation from the standard design (corresponding to an individual drawing or CAD/CAM library).
