ZD621

Direct thermal printing

- Max print speed 203mm per second
- Resolution of 203dpi
- Connect via ethernet, USB & serial
- 2 year warranty

ZD421D

Direct thermal printing

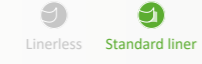

- Max print speed 203mm per second
- Resolution of 203dpi
- Connect via ethernet, USB & serial
- 2 year warranty

ZD421T

Thermal transfer printing

- Max print speed 203mm per second
- Resolution of 203dpi
- Connect via ethernet, USB & serial
- 2 year warranty

Zebra Mobile Printers

ZQ630

Direct thermal printing

- Max print speed 115mm per second
- Resolution of 203dpi
- Connect via Wi-fi, BT, ethernet, USB, serial
- 2 year warranty

ZQ630D

Direct thermal printing

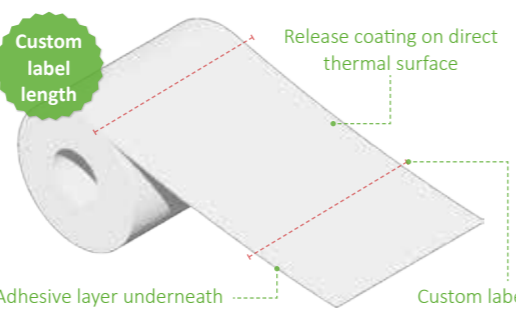

- Max print speed 115mm per second
- Resolution of 203dpi
- Connect via Wi-fi, BT, ethernet, USB, serial
- 2 year warranty

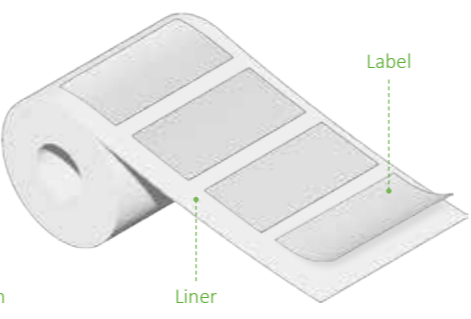

Why Envirolabel Linerless?

Using our envirolabel linerless allows you to ship efficiently without sacrificing performance, boosting the operational efficiency, productivity, and sustainability of your business.

Linerless label

Standard label

USES 40% LESS PAPER

Cost & SKU reduction

- Variable label size removes need to stock multiple sizes, saving space, freeing up cashflow, and simplifying SKU management.

Flexibility

- Variable label size & design up to point of printing & application according to SKU.
- Suitable for various applications & industries.

Efficiency

- Retains scanning & traceability capabilities while using fewer materials.
- Increases operator uptime thanks to more labels per roll and reduced roll changes.
- Streamlines management of backing liner, including peeling, collecting, storing and disposal to landfill.

Health & safety

- Reduces workplace slip & trip hazards by removing discarded liner waste.

Sustainability

- Supports waste reduction efforts & compliance with government directives.

The total waste from a single roll of standard label

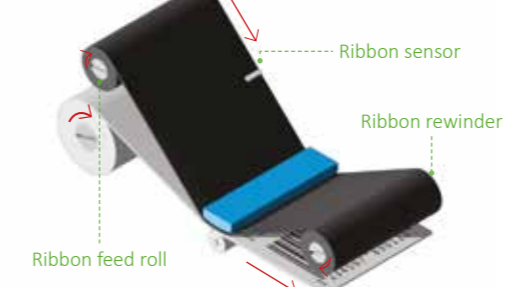

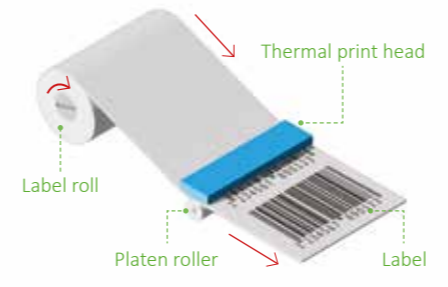

Label Printing Methods

Direct Thermal

- Heat sensitive label
- Blackened by thermal print head
- Lower cost

Thermal Transfer

- Standard or coated label
- Physical transfer of wax 'ink' from ribbon to label under thermal print head
- More durable

Labelling Systems

Achieve excellence one label at a time

Media & Ribbon Solutions

A comprehensive range of high-quality own brand 'Kite' labels and ribbons, available for next day delivery, along with Zebra's premium quality offering, available within 24 or 48hrs.

We're also excited to offer the latest innovation in label technology, namely Kite's own 'EnviroLabel' along with Zebra's premium offering 'ZeroLiner', both removing the need for a liner.

More than just packaging, it's about the solution.

As the premier online UK packaging supplier, we provide an extensive range of labelling solutions tailored to meet your logistic needs. From cutting-edge printers to versatile, socially-conscious labelling options, our comprehensive range ensures you'll find everything you require.

With ten strategically located facilities across the UK, seamlessly integrated into our global supply chain, we guarantee local expertise and timely delivery of the right products at competitive prices, consistently exceeding expectations.
