

Essential packaging for retail

kitepackaging.co.uk

an employee-**owned** business

Corrugated solutions

Single wall boxes

- Made with a single layer of fluting, this is the most popular corrugated box in the range
- Lightweight and cost-effective, it is ideal for general purpose packaging, storage and dispatching

Double wall boxes

- Ideal when protecting heavy or fragile goods
- These boxes are sturdy and hard-wearing, thanks to two layers of fluting
- Commonly used for sending heavy items through a carrier or postal network, they are durable and have increased compression resistance

Enviro-boxes

Kite's Enviro-boxes out-perform the equivalent double wall box, but use less material. Developed by us in partnership with WRAP (Waste and Resources Action Programme), Enviro-box has a positive impact on the environment by:

- Reducing the amount of cardboard going to UK landfill
- Reducing the CO₂ emissions produced
- Reducing the CO₂ emissions in distribution

White cardboard boxes

- White corrugated boxes with brown inner
- Delivered flat packed and easily assembled and sealed with tape
- Highly presentable solution that looks great when paired with coloured tissue paper

Extra heavy duty boxes (high performance packaging)

- The strongest corrugated cartons in our range
- Perfect for transporting heavy, fragile or oversized goods
- Made from heavy weight board with various fluting combinations
- They have been rigorously tested and provide outstanding performance

Picture frame boxes

- Kite's telescopic picture frame boxes are designed to fit around items such as paintings and framed artwork & mirrors
- Made from strong double wall cardboard, these boxes are adjustable in height in order to fit a variety of sizes

BDCM

BDCM (Bulk Distribution Carton Metric) boxes are the industry standard boxes in retail, clothing and catalogue industries with metric dimensions

- Each box features print on one side for notation information - supplier, catalogue number, colour, size, quantity and contact details
- Made from high quality, single wall cardboard

BDC

BDC (Bulk Distribution Cartons) boxes are also popular in a variety of textile industries, with the dimensions stated in inches

- Print on the outer side of the box includes space for gross weight, description, order number and other information
- Made from high quality, single wall cardboard

Do you buy enough boxes to fill a pallet?

Save money by purchasing single wall, double wall, enviro-boxes or a mix of each by the pallet.

Corrugated solutions

Postal boxes

- Compliant with Royal Mail PiP
- Available in white and brown
- Quick and easy to assemble – view our demo videos online
- Look fantastic when paired with coloured tissue paper

Book wrap mailers

- For all shallow, flat items
- Wide range of sizes
- Ideal for fulfilment operations
- Multi depth and width – improves versatility and pack consolidation

Twist wrap mailers

- Quick and easy to erect and seal
- Removes the need for void fill
- Cross dimensional strength

Postal tubes

- Available in triangular and round
- Used for printed materials like posters and artwork
- Also suitable for long, thin items such as umbrellas, rugs and other textiles
- Range of size, in a variety of thicknesses to protect heavier items
- All - round range come with plastic end caps

Layer pads and sheets

Solid board edge protectors

- Made from compressed recycled cardboard
- Protect delicate edges during transit and can be used to reinforce boxes and cartons
- Economical, reusable and recyclable
- Variety of sizes available that can also be cut to size as required

Paper rolls

- Low cost, all-purpose packaging paper
- Made from 100% recycled paper or paper kraft
- Supplied on rolls where lengths can be cut to size as required

Layer pads & sheets

Whether you are transporting stock, or simply storing it, our layer pads and sheets will offer users the adequate protection products

- Correx sheets** - Tough, lightweight, waterproof applications
- Corrugated sheets** - Ideal for creating strong dividing layers in cartons and stacking

Single face corrugated rolls

- Raised corrugated flutes on one side of paper to provide protective cushioning against impact
- Made from recyclable, 75gsm paper
- Variety of roll widths available

Tape

Custom printed tape

- The easiest and cheapest way to build your brand - simply upload your own artwork to our website choose polypropylene or PVC/Vinyl in a 1,2 or 3 colours, and submit your order - within 24 hours (mon-fri) you will have your artwork proof for your approval

Paper and custom tapes

Self-adhesive, 100% recyclable paper kraft

Fully recyclable and biodegradable gummed paper machine tape

Reinforced gummed paper machine tape for extra strength

Custom printed tape ideal for marketing and security

Enviotape - our best value packaging tape

Suits a wide variety of uses. Available in both hot melt and acrylic adhesive

- Kite - branded Enviotape has a smaller core with 150m per roll (more than twice the length of standard tape)
- Saves operating costs by having fewer roll changes and requires less warehouse storage space
- Is eco-friendly by reducing packaging waste (smaller cardboard core) and CO₂ emissions during transit.

Acrylic (water-based) - our best value packaging tape

- Kite-branded acrylic tape is a general purpose tape, for use in ambient temperature environments
- We also offer an alternative low noise version, ideal for busy warehouses where noise reduction is important

Tape dispensers

- Range of tape dispensers available for fast & efficient carton sealing
- A choice of dispensers for both 48mm and 75mm wide rolls
- Gummed paper tape dispenser available

Mailing and Envelopes

Paper mailing bags

- Environmentally friendly alternative to polythene mailing bags
- 100% recyclable robust and water resistant mailing bags
- Peel-&-seal strip for easy closure

Padded mailers

- Over 5 different padded mailers in the range
- Protective outers
- Suitable for sending a range of goods by post

Capacity book wrap mailers

- Manufactured from heavy-duty recycled 400gsm solid board
- Equipped with peel-&-seal closure strip and easy open tear strip
- Ideal for books, brochures, printed material as well as DVDs, BluRays & software

Polythene mailing bags

- The no.1 choice for e-commerce companies sending out goods
- Low cost, good quality solution - suitable for many applications
- Huge range, all with a peel-&-seal strip
- From standard grey & white to heavy duty white

Metallic bubble envelopes

- Highly protective and presentable metallic gloss bubble lined envelopes
- Available in black, gold, silver and red
- Equipped with a secure self-seal feature

Air shock

Air shock

- Manufactured from a low density material and inflated using an integrated valve, air shock when inflated offers a rigid and highly burst-resistant pack
- Suited to a variety of different sized products
- Available with outer boxes, when a postal solution is needed

Bespoke: our experienced team can also design bespoke air shock solutions. Call us on 02476 420065

Bottle packs

- Our bottle packs suit the drinks industry, particularly sellers of expensive vintage/exclusive wines and spirits or personalised bottles
- Magnum bottle size available

Air shock for electronics

- Designed to keep electrical goods safe during transit thanks to their excellent shock absorption and burst resistance
- All feature a flat, fold-in lid and built in valve for easy inflation
- Choose from laptop, hard drive, tablet packs and TV corners with or without outer boxes
- Although ideal for electronics, these packs can also be used with a range of items that fit within the usable dimensions

Air shock for ceramics

- Designed to protect fragile ceramic or ornamental items in transit and storage
- All of our ceramic pouches feature a flat, fold-in lid and built in valve for easy inflation. Choose from mug, bowl, side plate, and dinner plate packs, all with or without outer boxes
- Although ideal for ceramics, these packs can also be used with a range of items that fit within the usable dimensions

Mini air

Mini Air bundles available

Mini air machine

- Small and easy to use
- Simple to set up. Just plug into a standard three pin socket
- Can run 8 different film formats
- Huge space saving vs. void fill or bubble wrap
- Videos on our website

Filler cushions

- Filler cushions offer a replacement to traditional void fill such as loose fill chips
- The narrower filler cushions can also be used for layering

Wrapper cushions

- Wrapper cushions are a direct replacement for bubble wrap and are also available in heavy duty, perfect for wrapping delicate items
- These cushions offer a protective layer and block-and-brace protection for corners

Accessories

- A range of mini air accessories are available to make your operation more efficient and flexible, including a floor stand, foot pedal, sensor and hopper systems and mobile dispenser trolley
- Visit our website or call for more details

Outer protection

Foam roll

- Protect sensitive or delicate surfaces
- Strong polythene material, yet lightweight to reduce shipping costs
- Ideal for protecting items such as glass & polished surfaces in transit & storage

Extended core hand wrap

Makes applying the film around a pallet easier than using a normal flush core

- Available in cast and blown, clear, blue or black
- Our range includes high performance films
- Core extends 65mm from each end of the roll

Polythene bags

- Light duty bags (20 micron):** high clarity and non-toxic, ideal for small goods
- Medium duty bags (50 micron):** for a range of products including food, hardware, and toiletries
- Heavy duty bags (100 micron):** for heavy items such as tools and building materials
- Extra heavy duty (125 micron):** Ideal solution when needing to pack heavier, bulky and sharper goods

See the full list of sizes online or use our size search tool

Lay flat tubing

- Wide range of thickness's and widths in black and clear
- Used with a heat sealer to create custom polythene bags
- Can also be sealed with wire ties and plastic cable ties
- Ideal for long, thin items that are difficult to package

Inner protection

Tissue paper

- Choose from Kite's range of brightly coloured acid-free tissue paper, ideal for gift wrapping and adding a professional finish

Silica gel & desiccants

- Used to absorb moisture and water in products
- Ideal for a range of industries
- Effectively prolong and prevent rust, mildew, and corrosion

Paper bubble wrap

- Environmentally friendly alternative to bubble wrap
- 100% recycled & 100% recyclable
- Highly absorbent properties to protect against harmful, external factors

SpeedMan paper systems

Range of manual and automated paper dispensing machines available.

- Suited to low and high volume users
- Compact, mobile and environmentally friendly

Universal cardboard dividers

- Self-locking universal cardboard dividers for segmented protection
- Any cell size from 2x2" to 12x12" and any combination of cell sizes in a single box
- Perforations every 6 inches - simple tear off & lock in design

Your UK packaging partners

- 7 RDC's covering UK
- Bespoke solutions
- Packaging technologists
- Aerospace & defence division

If undelivered please return to: Direct Solutions, 7 Faraday Close, Oakwood Industrial Estate, Clacton on Sea, CO15 4TR

History and ethos

Kite was founded from scratch in 2001 with a unique vision - To be the premier packaging supplier in the UK with a philosophy of employee-ownership. At Kite we believe that "customer satisfaction matters so much more when you own the business".

In-box team

Void fill/Dunnage is a complex area with pack velocity, cost, customer perception and the environment all critical factors. Our team can help and advise.

Load retention team

The safe movement of palletised loads is business-critical and often expensive. This dedicated team of engineers can carry out scientific audits of shrink film usage and machines to ensure safety and minimise costs.

Packaging regulations

Kite's compliance division (Kite Environmental Solutions) advises a huge range of member-customers helping them to understand, assess and comply with their obligations.
